DESPERATE TIMES, MY FRIEND.

SHODDY WORK, IF I DO SAY SO MYSELF.

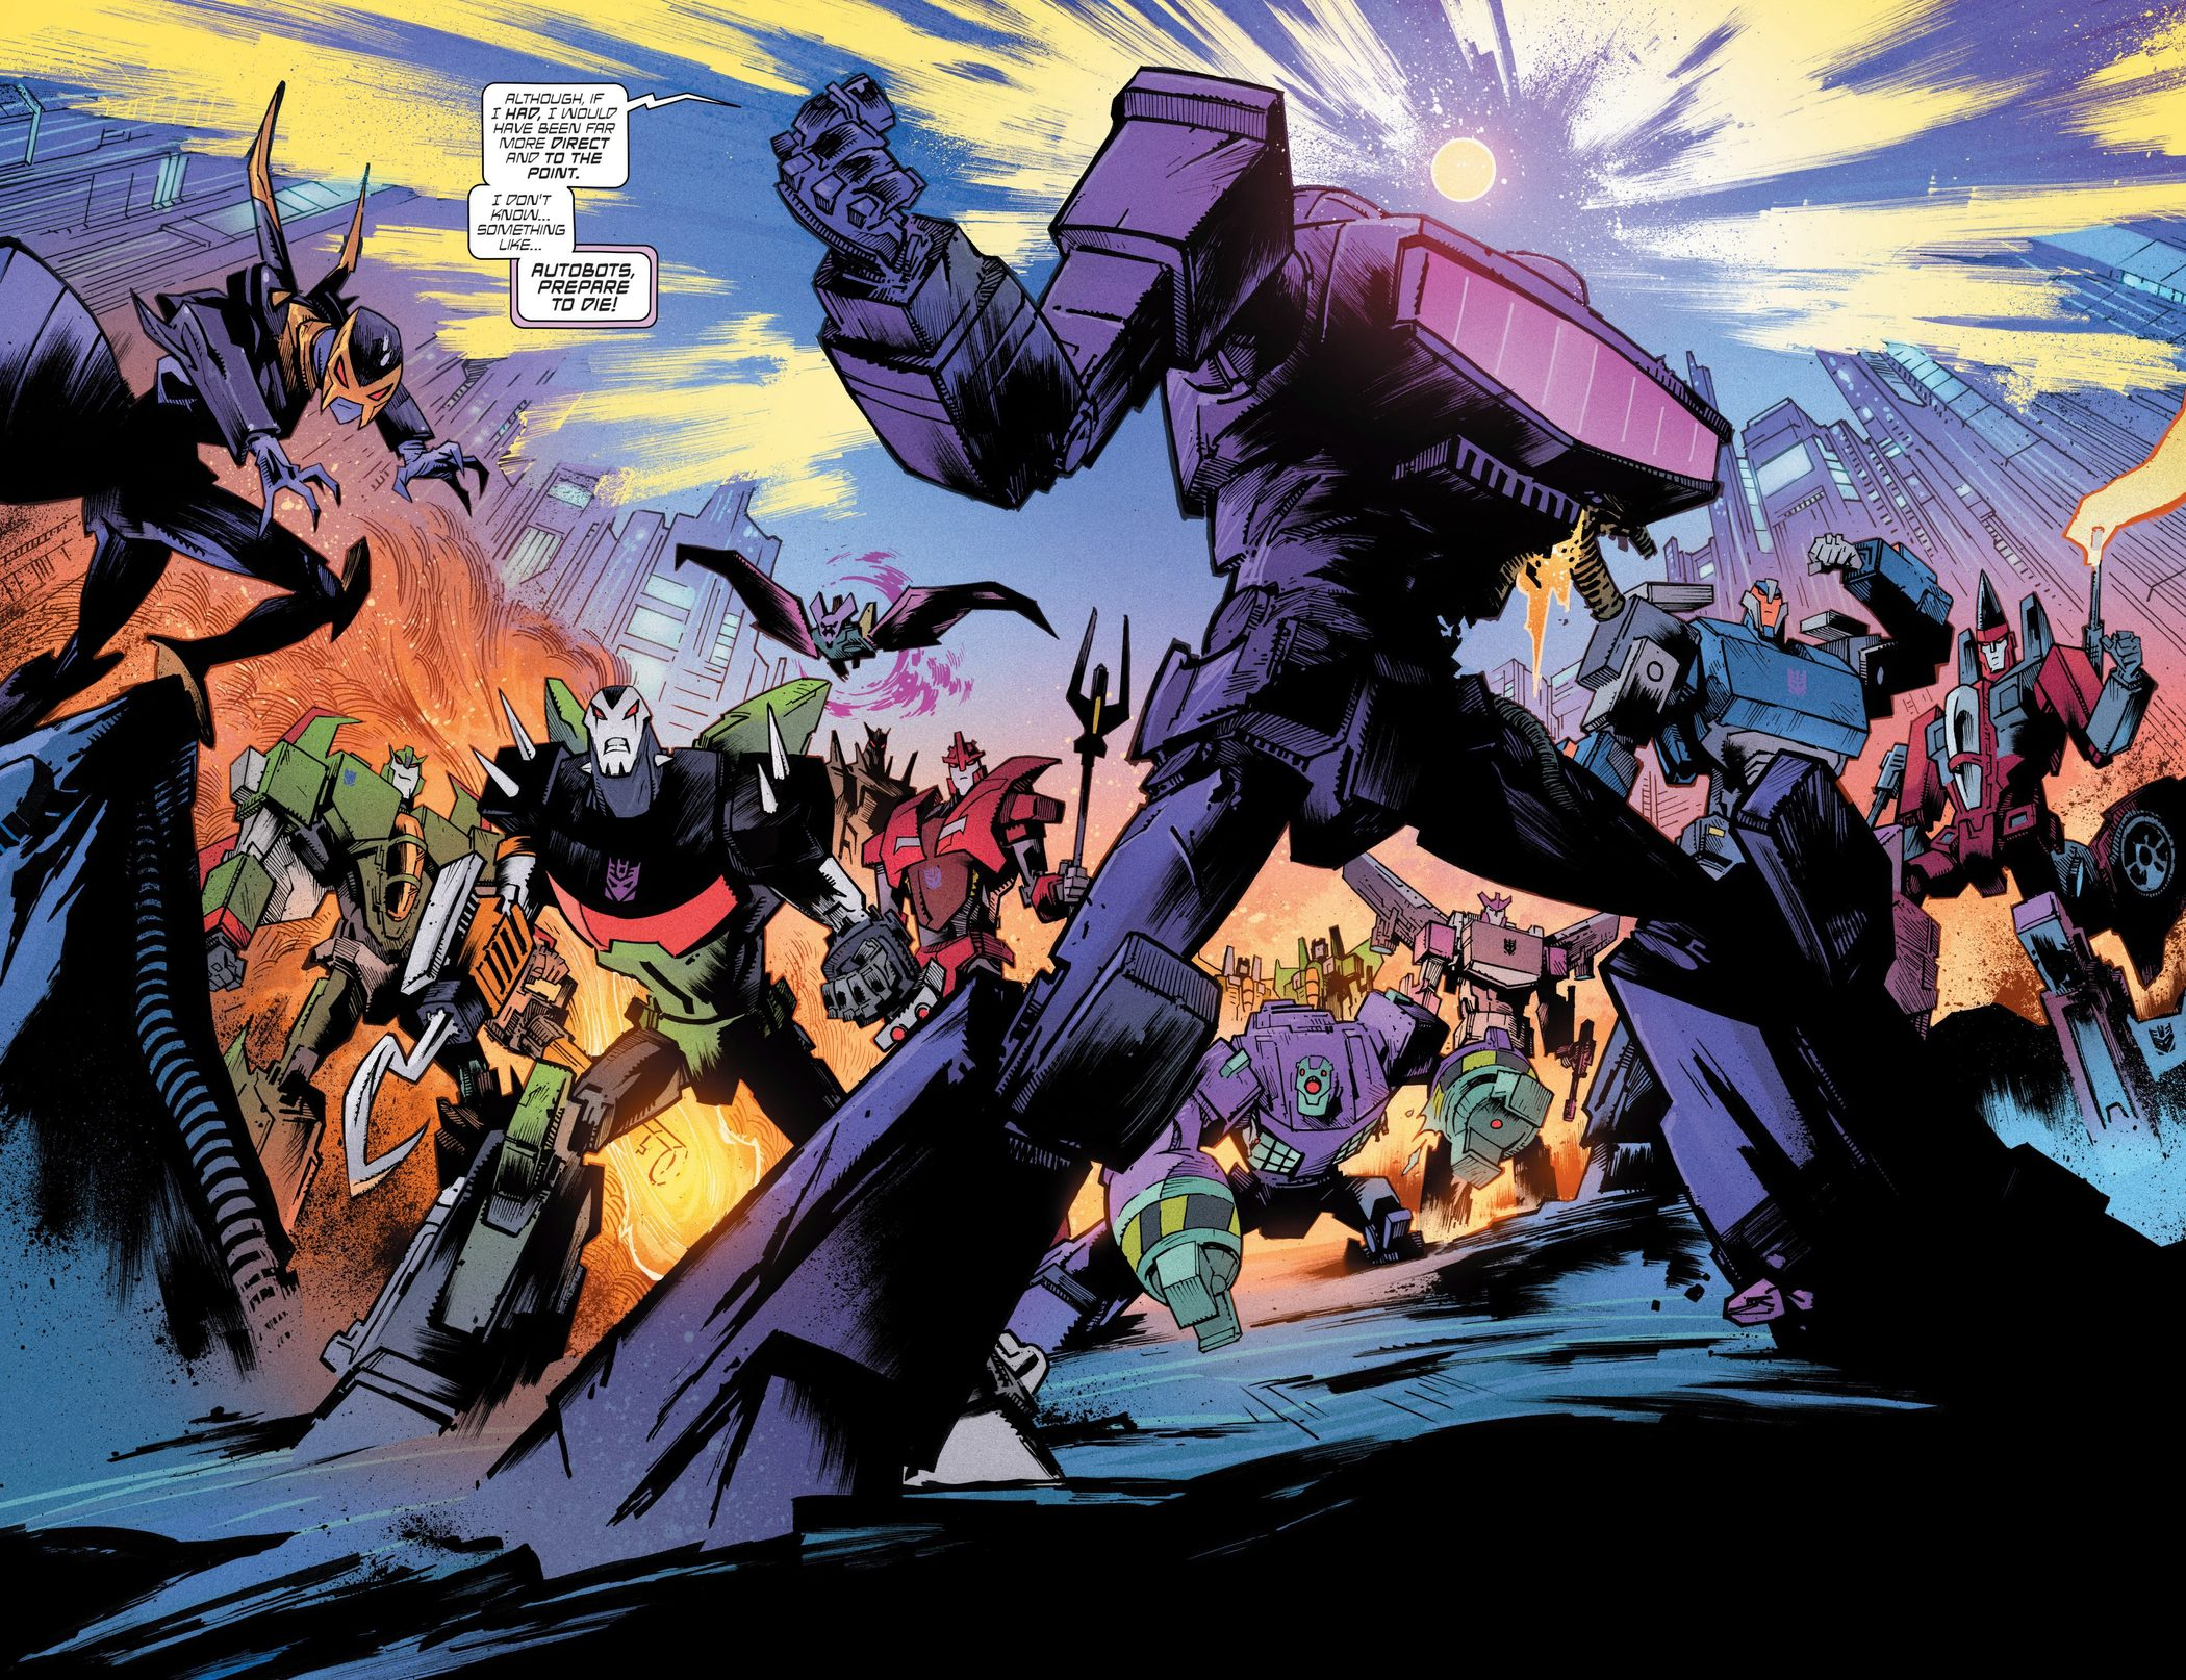
NOT UNTIL WE'VE CLEARED THIS IMMEDIATE AREA, SIDESWIPE. TOO RISKY.
MAKE NO MISTAKE, AUTOBOTS. WE ARE **AT WAR,** AND THIS IS A **WAR ZONE.**
WE'VE RETURNED DEEP IN DECEPTICON TERRITORY, AND HOME IS ON THE OTHER SIDE OF A LONG MARCH BEHIND ENEMY LINES.
THE ROAD AHEAD WILL BE **TREACHEROUS** AND WE WILL NOT ARRIVE UNSCATHED.
I COULDN'T HAVE SAID IT BETTER MYSELF.



ALTHOUGH, IF I HAD, I WOULD HAVE BEEN FAR MORE DIRECT AND TO THE POINT.

THE MATRIX OF LETTERSHIP

SEND LETTERS TO
TRANSFORMERS@SKYBOUND.COM

DAAAAMN, what an issue! SO many awesome new Decepticons, Elita Prime bringing the pain, and the return of Jason Howard! Who could ask for anything more?! I think all that we'd need to make this a dang near perfect issue would be…Robert Kirkman answering some letters! Welcome back, Robert!

Welcome back? I'm sorry, to have to say this, Ben, but I never left! I'm all Transformers all the time, baby!! Matrix Blade! How cool is that? Are we excited? Yeah, we're exited! Just wait until next month when we turn our attention (finally) back to EARTH! Until then, mail time!

All right, let's bust open this Matrix…

* * *

Hello Transformers Team,

HOLY AUTOCRAP! That was probably the most gruesome, jaw-dropping death I've ever seen in Transformers media. It took five seconds for me to realize what was happening after I turned the page and I was like, "What the... what is going--AHH! TRAILBREAKER! NO!!!" That is what you call an excellent job. I am scared for next issue. I'm almost 20 years old and I remember seeing reruns of the G1 Transformers when I was 5 (I remember being in my parent's bedroom when Optimus died). Now that I'm older, I am way more invested. The first issue I got in this series was #15 and then #16 and this is the second time something from Transformers made me go back and start the series properly (the other one was Transformers Prime). You folks are doing extremely well at your job. I have just recently caught up on both Void Rivals and G.I. Joe and this universe is going amazingly well. Can't wait to see what happens next.

Keep cooking,
Anderson

Thank you for reading and writing in, Anderson! SO happy that you're reading our trilogy of Energon Universe books…and I hope you've added M.A.S.K. to your pull list! And yeaaah…the death of Trailbreaker is haunting, I think about it often.

Sadly, we'll never see Trailbreaker again, nope. Never ever, ever again. Not even a tiny, easy to miss, appearance in the background of a panel. NOPE. No sir. So sad.

* * *

My 10 year old son and I are thoroughly enjoying this series with all its twists and turns! Thank you for helping us bond over this series. We devour every issue together like hungry Sharkticons. A family that feeds together stays together! On issue 30, page 18, panel 1, we see Thundercracker and the Aerialbots and wondered if you are hinting at him eventually replacing Slingshot in Superion. We would love to see that! J

Keep up the good work!
Djeven & Josiah

I'm SO happy that you both enjoy our series together, what an awesome experience to bond over.

Absolutely, very cool to hear! So… Thundercracker becoming a part of Superion, you say? What a great idea! Would something like that even be possible, though? I don't know! You'll all just have to keep reading.

* * *

Hello all!

I didn't really think of myself as a fanmail-writing kind of person, but I dunno, #30 has been so controversial with the people around me that it compelled me to write in to say how, actually, I really loved it! I thought it was a really perfect next step in the whole Autobot splintering plotline, and the central dilemma seemed shockingly nuanced beyond what I usually expect of Transformers. I think I'd side with Optimus if I had to, but maybe that's just because I'm an Earthling, because I also think it's hard to say Elita is all wrong. It's a really great bit of writing from Mr. Kirkman, and elevated by Mr. Mora's and Mr. Spicer's absolutely astonishing art. Poor Thundercracker wasn't an Autobot for very long, was he? While I'm here, may I ask a question? I'm sure every person on the team has been asked eight million and one times who their favourite characters are, so here's a different one: what are your favourite nonstandard setting/premise elements from all the different Transformers incarnations? I don't know that I have a perfect single word to explain what I mean, so here are my personal top 3 picks as examples (in no particular order): 1) the post-war setting of Animated, with an uneasy peace no one's really satisfied with...but no one can afford to keep the war going, either; 2) the whole Pretender/Headmaster/Godmaster human integration premise of Masterforce; and 3) the Immersants from the previous comics plus the sort of Lifestream-from-Final-Fantasy, pseudo-Shinto take on Cybertron that comes with them. Speaking of, any chance of Pretenders or Headmaster Juniors in the comics in the foreseeable future? Actually, maybe I don't want that answered--I'd rather RAFO!

Best wishes,
Hideo

Great to hear from you, Hideo. I'm glad you enjoyed #30 and I think you're right--the real loser at the end was Thundercracker and his short stint!

Robert here, Hideo, to try and answer your question. I didn't appreciate Beast Wars when it first launched. That early 3D CGI cartoon look is off-putting to me. But I did rewatch it MANY years ago with my son and I appreciated it more, especially when they worked in Unicron toward the end. I also will say I was a big fan of the dark Energon element to Transformers Prime. Transformers zombies were pretty cool to me, go figure, huh? I also love the mythology of Animated with elite squad, Rodimus Minor (is that the first time he had that name? I don't know everything from Transformers lore) and Sentinel Prime. Just great, great stuff.

Greetings to the lovely team behind TF Skybound!

Despite being a fan of Transformers for what feels like my entire life, this is the first series releasing while I am able to go to a comic store and buy the issues (no one told me how hard it is to pick which cover I like more!). Art and writing is my life (besides Transformers). Actually holding all of these masterpieces in my hands to admire the details, the inking, the colouring... genuinely breathtaking. And when a character pisses me off, I can flick the page in retaliation (it makes me feel better). I've gotten a new appreciation for characters like Skywarp and Bruticus thanks to this series. Once a con, always a con.

We're all curious to know, are there any songs/albums you think represent this arc? What should I blast this time?!

-Aiko

Thank you for the letter, Aiko. Hmm…a soundtrack? How about Magic Sword vol. 1?

I don't listen to music while I read a comic so I'll take the easy route and say the TRANSFORMERS: THE MOVIE soundtrack. I mean, that's the only logical answer. I'll also say, I hope you're not flicking the comic too terribly often!

Hello, Matrix of Lettership!

Mr. Kirkman's first arc on the title has definitely won me over--I'm one of that rare handful that wasn't 100% won over by DWJ's scripts. These last six issues though, wow. The perfectly--managed pace and tighter dialogue has definitely got me invested in the story just as much as I was for the art previously. And art-wise, I'm definitely sad to see Mr. Mora departing, especially after gifted us such great re-designs for Arcee and Elita. But Jason Howard is taking over?!? Huzzah! We'll probably never see any more of his "Big Girls" series, but I'll settle for his masterful work on Transformers instead! A couple of thoughts occurred to me in the wake of Elita's ascension, and I thought I'd take this chance to ask: Regarding which Autobots chose to return to Cyberton, and which remained on Earth, I can perfectly agree with most of their decisions. But Jazz chose Elita over Optimus? Is his sense of duty to the cause really stronger than his love for Earth culture? That was the one that really surprised me!

It should surprise you! And there's a story there, that we'll get to as soon as we can. So keep reading!

Thundercracker stayed. The Aerialbots stayed. Hmmm...Are we going to see Superion get a chance for a new limb? I don't know how the whole Combiner process works in the Energon Universe, but already having a plane alt-mode certainly can't hurt compatibility!

Keep reading. Heh.

Finally, Arcee Magnus and Elita Prime toys when?

'Til all are one!
Laurence

Thanks for the letter, Laurence, and I'd absolutely lose my mind if toys for Arcee Magnus and Elita Prime hit the stands haha. And Jason back drawing this book is a dream come true! And while he absolutely CRUSHED this issue we're just getting started… wait'll you see what's next!

Great letter, Laurence! And not just because of the compliments, although those are certainly appreciated. I'm having the time of my life on this series and I'm very happy to be reunited with Jason Howard. Who actually designed Elita Prime, just to be clear. With Jason taking over the book and Dan hard at work finishing his arc, we turned to Jason for that design. As you can see from this issue, the book is in great hands.

Have a great month, folks! See you in June!

-Ben

JUNE! Let's get these issues out faster! Oh, we can't?! Why?! My fault? Oh. Okay then. See you all back here in JUNE!

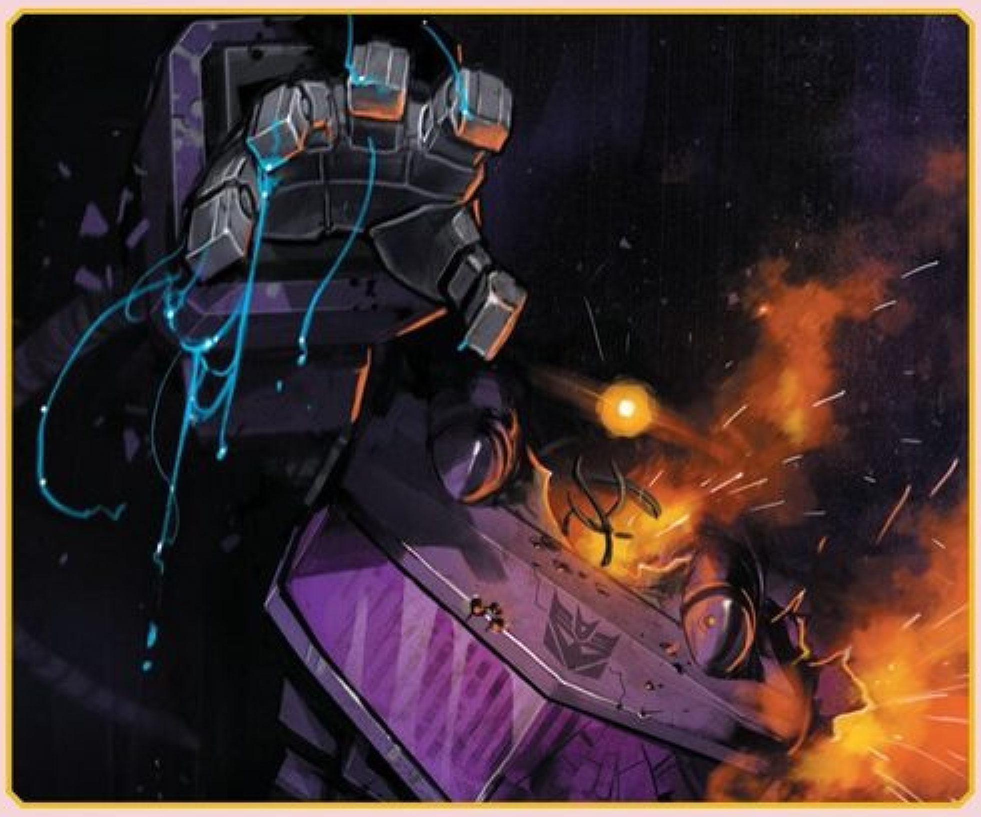
-Robert

ENERGON EXPERIENCE

For anyone that might have doubted whether or not Elita was worthy of the Autobot Matrix of Leadership, hopefully this issue has proven without a doubt she was! Adding the power of the Matrix to a fierce and cunning leader like Elita can only mean a bright future for the Autobot forces on Cybertron!

Ben!

-Ben Abernathy, Executive Editor

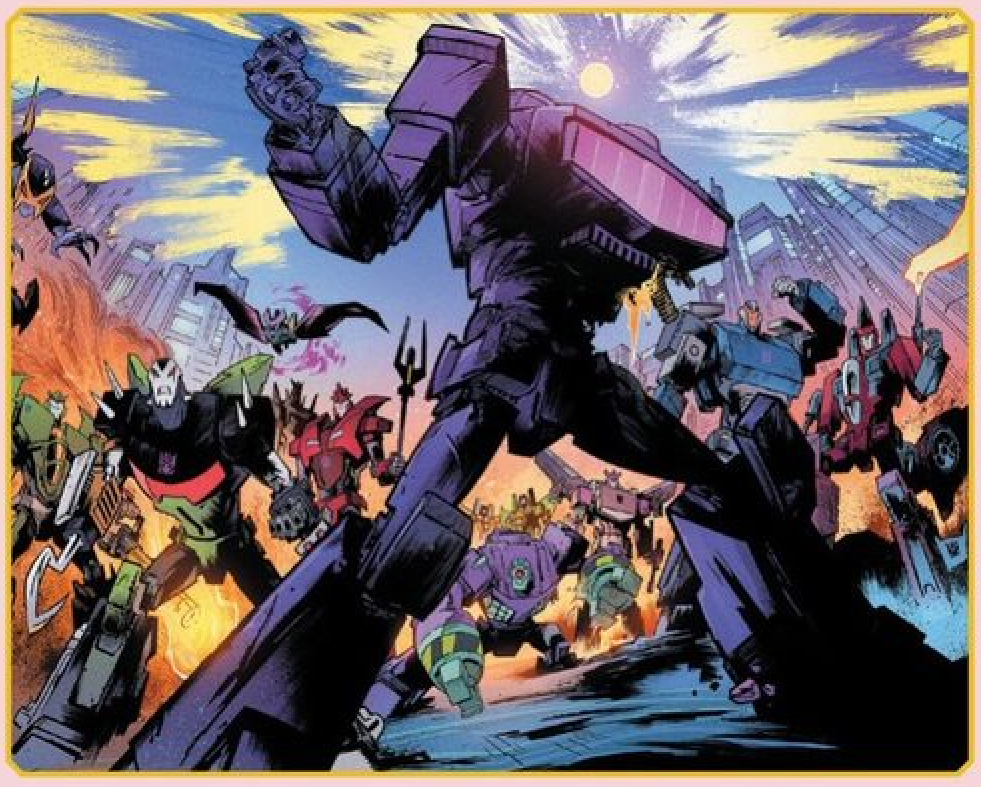


CHARACTER SPOTLIGHT

WHO: Shockwave

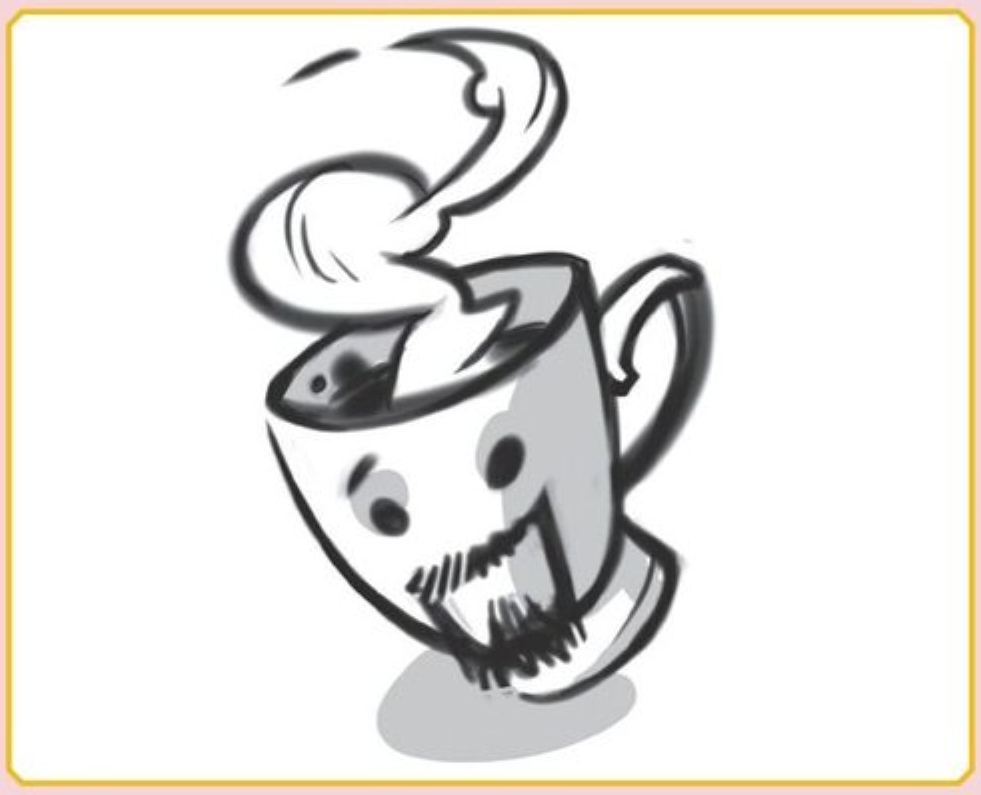
Decepticon military leader of Cybertron.

WHAT: Cold, calculating, and ruthless, Shockwave has waged war on Cybertron in Megatron's absence with brutal efficiency. Under his guidance, the Decepticons control the vast majority of the planet, but circumstances could be changing with Elita Prime's ascension and the arrival of timely Autobot reinforcements from Earth...but will it be enough?



NAME THAT DECEPTICON!

We managed to keep it a secret who Shockwave's latest Decepticon troops would be in this issue--were any of you surprised?! Did you have Blackarachnia or Lugnut on your bingo card? NO?! Introducing characters like these from "other" iterations of this amazing franchise is just one of the many reasons the Energon Universe kicks butt!



CREATOR SPOTLIGHT

Q: Welcome to the Energon Experience, Jason Howard, and now I must ask you the most important question of our time--if you had an alt-mode, what would it be?

A: I'm pretty sure my alt-mode is coffee. Actually, coffee might be the main me, making my alt-mode human? If I'm a triple changer, then watching basketball is my other alt...

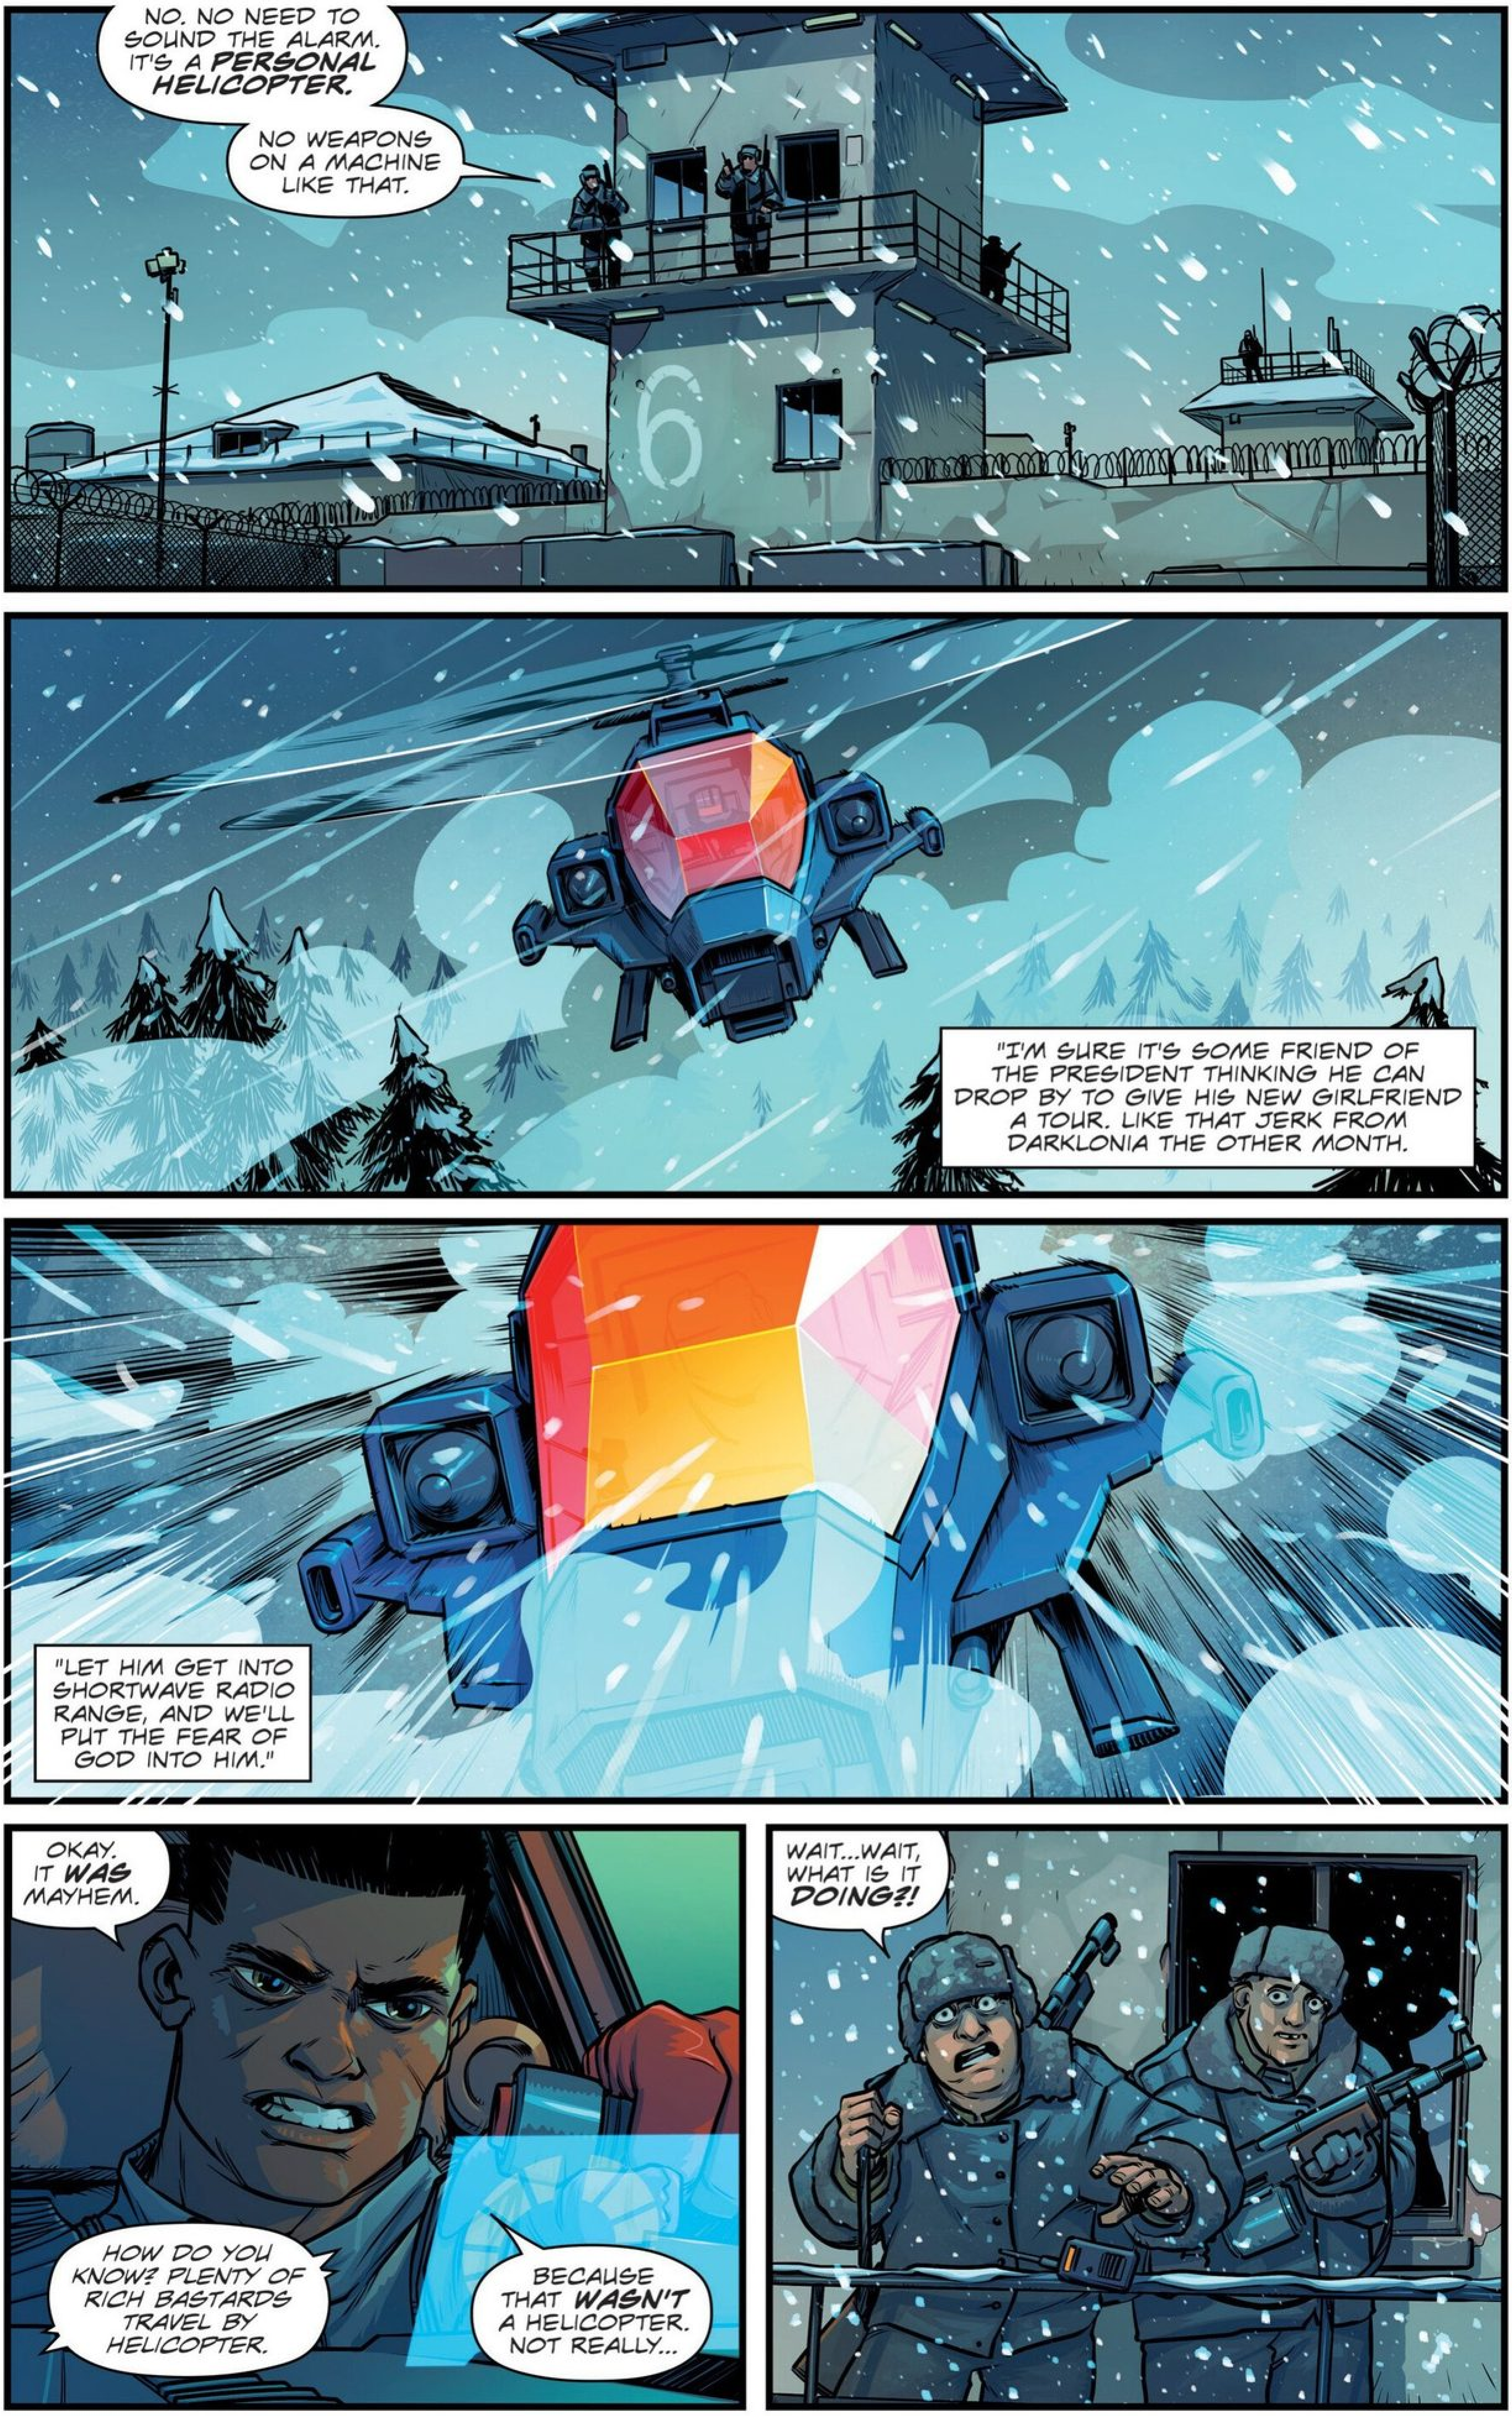
MILES MAYHEM RECRUITED HER THREE DAYS AGO.
I NEED TO KNOW IF IT WAS THEM WHO HIT THE PRISON TODAY.
WHERE ARE YOU, MATT? SOUNDS LOUD.
I'M DRIVING. WAS IT THEM?
TRAKKER, OLD CHUM, YOU NEED TO UNDERSTAND THAT YOU'RE ASKING ME TO ACCESS SENSITIVE INFORMATION FROM A HIGH SECURITY RUSSIAN PRISON THAT DOES NOT OFFICIALLY EXIST.
ENCRYPTED FOOTAGE AND COMMS FROM THE ARSE END OF SIBERIA.
I THOUGHT THE INTERNET CALLED YOU "MEGABYTE" FOR A **REASON.** YOU'RE TELLING ME YOU CAN'T DO IT?
THEY CALL ME MEGABYTE BECAUSE I AM VERY ***OLD*** AND MY BACK HURTS.
AND THEN I TRACK THEIR I.P.S SO I CAN SHOW UP AT THEIR HOMES AND BEAT THEM WITH MY OLD MAN CANE.
BECAUSE I'M BETTER AT THIS THAN ANY BLOODY TEENAGER RAISED ON A DISCORD FORUM.
LET'S SEE. THE LAST OUTSIDE COMMUNICATION BEFORE EVERYTHING KICKED OFF CAME FROM A GUARD AROUND 8 A.M., ASKING IF THE PRISON HAD ANY INSPECTIONS SCHEDULED.
THEY'D DETECTED AN UNAUTHORIZED VEHICLE ENTERING THEIR AIRSPACE.
HAVING ***SAID*** THAT, HE DIDN'T SOUND PARTICULARLY CONCERNED.



NO. NO NEED TO SOUND THE ALARM. IT'S A **PERSONAL HELICOPTER.**
NO WEAPONS ON A MACHINE LIKE THAT.

"I'M SURE IT'S SOME FRIEND OF THE PRESIDENT THINKING HE CAN DROP BY TO GIVE HIS NEW GIRLFRIEND A TOUR. LIKE THAT JERK FROM DARKLONIA THE OTHER MONTH.
"LET HIM GET INTO SHORTWAVE RADIO RANGE, AND WE'LL PUT THE FEAR OF GOD INTO HIM."
OKAY. IT **WAS** MAYHEM.
HOW DO YOU KNOW? PLENTY OF RICH BASTARDS TRAVEL BY HELICOPTER.
BECAUSE THAT **WASN'T** A HELICOPTER. NOT REALLY...
WAIT...WAIT, WHAT IS IT **DOING?!**
